

Book Reports

This year students will complete six total Book Reports. The books must meet two requirements: The book must 1) Match the assigned genre and 2) Be a minimum of 150 pages. (Students will first need to bring their book to be approved by me to ensure this criteria is met.) These reports will be completed on books that they read at home/ during class. Each book report will be presented in a different way and will be explained in class. Below is the schedule and assigned genre for that report. Feel free to look ahead with your student and plan out books according to their interests.
